5. What happened? What was the article about?

President Trump blocked the John F. Kennedy assassination records to be released to the public. Most of these papers were placed under a six-month review to see any conspiracy theories related to the Massachusetts politician (John F. Kennedy).

6. This article is related to Massachusetts because John F. Kennedy was a Massachusetts politician.
7. I think this can be important to us because we can know how to prevent these things from happening again – we learn from our mistakes. 5 million pages, photographs, and sound recordings were put under research. From this, we might be able to learn from our mistakes.
8. There not many reactions in this article.
