Title: Turkey shuts down airspace to all Boeing 737 MAX

People Involved: Bilal Ekşi

Summary:

Turkey shut down the use of the Boeing 737 MAX, probably due to the fact that one in Ethiopia crashed 6 minutes after it took off. 8 and 9 flights have been affected by this ban. Turkish Airlines and Boeing are in coordination with each other.

Title: Japan and Toyota might make this futuristic moon rover

People Involved: Koichi Wakata

Summary:

Japan and Toyota have teamed up to build a rover. JAXA, Japan Aerospace Exploration Agency, said they might be collaborating. The rover will be pressurized, and can drive by itself. It will be important when it comes to space exploration. They are aiming to launch it by 2029.
